Newsletter

June 2020

Cardiac Support Group

Dear Members and Friends

June 2020

Welcome to my June newsletter, as in my May newsletter I would again like to wish you all well, and I hope you have not experienced any problems with this dreadful virus. As promised I am putting my usual method of communication to you all by producing this shortened newsletter.

I had a telephone call from Jackie the daughter of our dear departed George informing me about his funeral arrangements which are as follows, it takes place at Forest Road Crematorium on Thursday 11th June at 2.15pm. I thought it right to let you all know what is happening but having done so there is a restricted number who can attend, I am sorry to say that number has been reached by his own family, so can you please respect their wishes and maybe pretend that you are at his parting. As is our usual custom the group is to make a donation to St. Claire Hospice and Epping Forest Voluntary Services these are the choice of the family so we will make this donation on your behalf.

I would like to report that having purchased the Oximeter in order to check the oxygen level in my blood has proved a good asset as all my family have been tested with great results. So when the club reopens I shall bring my meter and you can all have a test.

It has been suggested that as the nights will be getting darker soon would it be possible to have a afternoon meeting as we appear to be losing some of our members who are not happy with the night journey, we will need to have words with Vision who own the library, please watch this space.

I will sign off now so that Durham and Peter can get this letter out to you all, so I wish you all my very best wishes, and as usual please keep safe.

Regards

Henry Phillips Chairman

A Polish man moved to the United States and married an American girl. Although his English was far from perfect, they got on very well, until one day he rushed into a lawyer's office and asked him if he could arrange a divorce for him. The lawyer said that getting a divorce would depend on the circumstances and asked him the following questions.

Lawyer, Have you any grounds?

Man Yes an acre and a half and a nice little house.

Lawyer. No I mean what is the foundation of this case?

Man. It is made of concrete.

Lawyer. I don't think you understand Does either of you have a real grudge?

Man. No we have a carport.

Lawyer. I mean what are your relations like?

Man. All my relations are still in Poland

Lawyer. Is there infidelity in your marriage?

Man. We have a high fidelity stereo and a good TV player.

Lawyer. Does your wife beat you up?

Man. No I always wake up before her.

Lawyer. Sir exactly why do you want this divorce?

Man. She's going to kill me.

Lawyer. What makes you think this?

Man. I have proof.

Lawyer what kind of proof?

Man she is going to poison me. She bought a bottle and put it on the shelf in the bathroom and I can read it and it says Polish remover.
