COMING SOON

Dear Members and Friends October 2020

Welcome to my October newsletter, once more I hope that this newsletter finds you all well and keeping on top of the current virus which appears to be making a comeback in certain areas one of which is Redbridge so be extra vigilant when you are out and about.

At the committee meeting held in the garden of Janet and Peter Knight, in September the committee consisted of Peter and Janet Knight, Karen Hughes, Durham Holbourns, Silvia Daly, Eric Simmonds, and myself Henry. We were made most welcome by Janet and Peter and the meeting was conducted in conjunction with the rules laid down by the government. We discussed the new arrangement for the club this information I will leave to Durham who will explain what will happen in the future when the club is up and running.

My good friend Eric Simmonds suggested that we change the layout of the newsletter which might take place in the new year providing the committee agree to its new format watch out for any changes.

I am pleased to report that Brian who if you can remember used to make the tea at our monthly meeting has in the past been quite unwell plus suffering from a serious hearing problem, he has made a good recovery and is regaining his weight which he lost during his illness. Brian was prescribed a hearing aid which he had fitted this week, well done Brian.

I will sign off now so that Durham and Peter can get this letter out to you all, so I wish you all my very best wishes, and as usual please keep safe.

Regards

Henry Phillips Chairman

I am pleased to say that I have been in touch with Vision regarding our future meetings and I have rearranged our meetings to be on a Wednesday afternoons from 1.30pm to 3.30pm.
Providing the government let us all be together again.
I hope that you are al keeping SAFE & WELL
Regards
Durham

The Deaf Wife

A man feared that his wife wasn`t hearing as well as she used to and he thought she might need a hearing aid.

Not quite sure how to approach her, he called the family doctor to discuss the problem.

The doctor told him there is a simple informal test the husband could perform to give the doctor a better idea about her hearing loss.

Here`s what to do, said the doctor, stand about 40 feet away from her and in a normal conversational speaking tone see if she hears you. If not go to 30feet then 20 feet and so on until you get a response.

That evening the wife was in the kitchen cooking dinner, and he was in the den. He says to himself I`m about 40 feet away, let's see what happens.

Then in a normal tone, asks, honey what's for dinner. No response.

So the husband moves closer to the kitchen about 30 feet from his wife and repeats, Honey what's for dinner. Still no response.

He then moves to the dining room where he s 20 feet away from his wife, and asks

Honey what's for dinner? Still no response.

So, he walks up t the kitchen door about 10feet away. Honey what's for dinner?

Again there is no response.

So he walks right up behind her. Honey what's for dinner?

This next bit is good.

Oh For heaven's, sake for the FITH time CHICKEN
